To Whom It My Concern:

I am writing on behalf of my nephew Daniel Egipciaco. Daniel is an integral part of our family and we are looking forward to welcoming him home.

When Daniel comes home he will be a member of my household. I currently live on my own, and have a spare bedroom awaiting his return. Daniel has family members in this vicinity, as well as our church community to encourage and assist him in reestablishing himself.

Daniel is a very articulate young man, which has much he can contribute to society. I plan to inquire thru my church family and community leaders regarding job placement and further educational opportunities for Daniel. I assure you, that when Daniel comes home he will have the emotional, spiritual, and community support he needs. As a family, we look forward to welcoming him home with love and encouragement; and anticipate working together so that he may continue on the right path; towards a positive and productive future.

Thank you for your time and consideration.

Sincerely,

Anna Felipe
